Join us at Buca Di Beppo to enjoy a fantastic Italian meal & Support Project Lifesaver

Thursday, November 5, 2009

Buca Di Beppo will donate 20% of your total purchase to Project Lifesaver when you present this flyer.

Project Lifesaver is a safety tool that helps the Santa Clarita Sheriffs in search and rescue. Participants in the program, such as those with Autism or Alzheimer's, wear Project Lifesaver tracking bracelets. When they go missing, Sheriffs activate a locator device to pick up the radio signal sent by the bracelet. Project Lifesaver can help save a life, can save time, and can save resources. Please support this worthy project by dining at Buca Di Beppo so that more people can receive Project Lifesaver Bracelets!

Please complete and present this form at Buca di Beppo Valencia to support Project Lifesaver, an important community safety tool. Learn more about Project Lifesaver at santa-clarita.com/news/projectlifesaver/projectlifesaver_brochure.pdf

This event is hosted by representatives of these Project Lifesaver Partners: The City of Santa Clarita, the SCV Sheriff's Department, the Santa Clarita Autism Asperger Network (SCAAN), the Committee on Aging, and the Santa Clarita Senior Center.
